What SAHRA Does

SAHRA exists to protect our neighbourhood from inappropriate development, to act as an advocate for the residents of SAHRA, to promote safety and security in the neighbourhood and to enhance the environment and social life in the community.

We achieve this by actively reviewing and submitting concerns to the City of Toronto Committee of Adjustment when builders try and build houses that are inconsistent with that of their neighbours or the neighbourhood. We liaise on a regular basis with Councillor Karen Stintz's office and with the Toronto police on safety and security issues. For the past three years SAHRA has conducted Jane's Walks in May to introduce our neighbours to the history and architecture in our area. For the past eight years we have hosted Neighbours Night Out as an opportunity for new and old neighbours to become acquainted, with ice cream and balloons provided free to all comers.

All the above takes time, effort and money. If you have thoughts about how we can improve please contact me. If you would like to help, we would love to hear from you. If you would like to support our efforts at keeping this the great neighbourhood it is I hope you will mail-in or drop off your membership contribution.

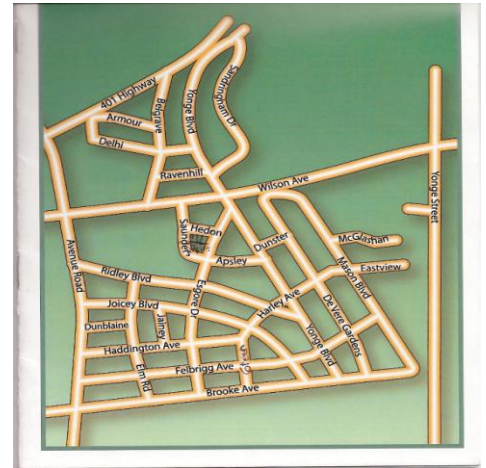

Wishing you all the best in 2013.

Useful Guide to North York Committee Of Adjustment

We thank Councillor Karen Stintz for allowing us to insert in our Newsletter a four page "Guide to the North York Committee Of Adjustment" prepared by consultant, Linda McCarthy. This is a great introduction and summary to the often mysterious and sometimes intimidating Committee of Adjustment policies and procedures.

You will see on Page 4 that Linda McCarthy is available to assist Ward 16 residents with their interactions with the Committee of Adjustment on behalf of Councillor Stintz's office. Linda can be reached at llmccarthy_assoc@sympatico.ca or 416-483-6749. SAHRA has first-hand experience with Linda's expertise and guidance on issues before the Committee of Adjustment.

Did You Know?

The Boyd Gang - Edwin Alonzo Boyd worked for the Toronto Transportation Commission after he returned home from the war operating streetcars on the Yonge line. On Sept 9, 1949 he robbed a North Toronto Bank of Montreal on Avenue Road which is now the Left Bank Bistro. He was captured two years later after another bank robbery and was sent to the Don Jail to await sentencing. There he met Leonard Jackson and Willie Jackson (no relation). The trio escaped early Nov, 1951. They were joined by Steve Suchan and the foursome, now called the Boyd Gang, continued to rob banks. On March 6, Suchan shot and killed Police Sergeant Tong and the Boyd Gang was apprehended by the Police. On Sept 8, 1952 the Boyd Gang escaped from the Don Jail again and after eight days were captured in a barn near Finch and Leslie Ave. Steve Suchan and Lennie Jackson were both hung for the murder of Sargeant Tong. Edwin Boyd and William Jackson served lengthy jail terms. Boyd was released after serving 14 years and moved to British Columbia where he died of pneumonia on May 16, 2002.

Thank You!

Unfortunately our Neighbours' Night Out in Sept, 2012 had to be cancelled due to rain but special thanks are still owing to the following sponsors who continued to prepare/provide for the event up to the very last minute when we had to cancel.

The Left Bank Bistro for providing the Raffle prizes...four vouchers for a \$75 dinner value.

Garrett Florist for donating the balloons.

Tim Horton's/Coldstone Creamery for donating the ice cream as well as coffee and timbits.

Hopefully we will have a sunny day next year!

Special thanks to SAHRA member **Debora Bergeron** for preparing the article on "Focusing on Security".

Remember to check the SAHRA website from time to time for inserts of new information on community history and issues. For example, information has now been posted on the history of the Cricket Club.

The Avenue Road Study

In 2009, the City completed a two-year study for the gradual improvement of the two kilometer stretch of Avenue Road between Lawrence and Wilson. The study was undertaken in consultation of the community, including a kick-off public open house held at Lawrence Park on May 1, 2007. A Local Area Advisory Committee (LAC) was established comprised of five local resident associations, including SAHRA. Because there is no local Business Improvement Association, business owners expressed their views individually.

Building developments facing Avenue Road have been categorized under two categories depending on lot depth. Each category is subject to a 45-degree angular plane restriction. This ensures sunlight on at least one sidewalk until late afternoon, maintains sky view from sidewalks, provides a comfortable pedestrian scale environment and assures a modest mid-rise built form. The study was conducted using five guiding principles based on input from open houses and the LAC.

The majority of lot depths on Avenue Road range between 27 and 37 meters. The angular restriction means these lots are restricted to a height of five stories (16.5 m). There are ten potential development sites with property depths of at least 40 meters, known as larger opportunity development sites. The angular restriction effectively limits these developments to seven floors (22.5 m).

The recently completed seven-floor development at 1717 Avenue Road, which was approved before the commencement of the Avenue Road Study, provides a concrete example of the angular plane restriction. This was the first significant development on Avenue Road in almost 30 years.

The ten opportunity sites are:

- The Beer Store
- KFC/Toggery
- 1648-1660 Avenue Road
- 1678-1688 Avenue Road
- McDonalds
- Bruno's/Drug Store
- No Frills/Adjacent Retail
- TD Bank Site
- Nissan Dealership
- RBC Site
