

Town Hall on “The Return of the OMB”

Councillor Mike Colle

Town Hall on Bill 108

"The Return of the OMB"

If passed by the Province of Ontario, Bill 108 will:

- Bring back the planning powers of the **OMB** over Local Development
- Include a "**Pay to Slay**" Provision that would allow developers to eliminate Endangered Species if they pay a Fee
- Dramatically weaken **Heritage Protection**
- Reduce **Development Charges** and Community Benefits for Developers

Hosted by Mike Colle

Toronto City Councillor for Ward 8, Eglinton-Lawrence

Date: Thursday, May 16th
Time: 7:00 p.m.
Location: **North Toronto Memorial Community Centre**
Multi-Purpose Room
200 Eglinton Street West
Toronto, ON M4R 1A7

Since the City of Toronto has less than 30 days to respond to these dramatic changes proposed in Bill 108, it is vital that the citizens of Toronto know about the impacts Bill 108 will have on our community and the City of Toronto.

Motion

You may want to consider adding Motion Sensor Security Lights at the side and back of your home – the police are reporting that many of the breakins are occurring at the back of the house, as it can allow the criminal to work in the safety of darkness. Motion sensor security lights are available that can be put on your outside electrical system. As well, solar units are now available that can be installed independently – look for Multifunctional Solar LED Flood Lights.

Sensors

Online Reporting to the Toronto Police Service

You can also use the Online Reporting system to report **local traffic issues** such as speeding, running stop signs and parking complaints.
